270050 34.95

1967-81 15" Spare Tire Cover
270060 34.95

Jack Parts

1967-70 Bumper Jack includes the ratchet assembly and

base. Nice looking Show Quality reproduction. Includes mast, ratchet mechanism and base. NOTE: Jack assembly is boxed with labeling "For display only" (Ratchet jacks do not meet current DOT standards of safety) as a company disclaimer due to the instability of the older design of jacks

270100..... 109.95

Jack Load Rest Base

Attaches to the ratchet assembly part of the jack and hooks under the bumpers for raising the vehicle.

1967- 68 Camaro Bumper jack load rest bracket
270080 12.95

1969 Camaro Bumper Jack Load Rest Bracket
will not work with Endura front bumpers
270090 14.95

1967-81 Lug Wrench

Jack Handle has provision on one end to loosen wheel lug nuts and the other end fits into the ratchet part of the jack assembly to operate up and down movement of the jack and remove hub caps this is a workable replacement from GM#14036400
270160..... 24.95

Jack Assembly Storage Bag made from a felt backed houndstooth

Camaro bumper jack storage bag, aqua and black houndstooth. This sturdy storage bag allows you to stow your jack assembly without scratching the inside of your trunk pan area. Manufactured in the USA!
270010.....14.95

1967-81 Spare Tire Hold Down Hook/Rod Assembly

This is the rod that runs through the spare tire in the trunk to hold it in place. Other parts needed that are sold separately are the hold down nut and the anchor plate that's welded to the floor

270070..... 14.00

1967-81 Spare Tire Hold Down Wing Nut

This is the nut that attaches to the hold down rod to hold the spare tire in the trunk

270150..... 5.95

67-69 Trunk Floor Spare Tire Hold-Down Bracket

Correct spare tire hold down bracket made from two pieces as original. Must be welded to trunk floor

270020 7.95

1967-1981 Camaro Floor and Trunk Pan Plug

Galvanized reproduction floor plug made to equal GM specifications sold individually comes in Hot Galvanized steel, most cars used 6 plugs...2 in the trunk...and 4 inside under the carpet. This is an excellent reproduction of the original floor pan plug. These plugs are installed using body dum dum. Made in the USA!
